SEWP OVERVIEW

NASA SEWP VI – The NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced "soup", provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space. Originally, the contract vehicle provided only technology products for NASA and all other agencies. SEWP has continually evolved over the past 30 years, expanding its scope to meet the requests of its customers. The SEWP vehicle represents acquisition innovation within the Federal Government. The program is self-funded through usage fees (0.34%) and provides all Federal agencies with acquisition support - more than 50,000 orders a year.

FAIR OPPORTUNTIY

FAR 16.505(b) (1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding $10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP Quote Request Tool (QRT) will automatically include the Contract Holders within a selected Group or based on a suggested source.

ORDER ISSUES and POST DELIVERY CONTACTS

For assistance with the placement of orders or to escalate resolution of problematic orders, ordering agencies may contact the NASA SEWP Program Management Office Monday through Friday, 7:30 AM – 6:00 PM (ET) at:

NASA SEWP Help Email: help@sewp.nasa.gov
NASA SEWP Help phone number: 301.286.1478

ORDERING PROCESS
NASA utilizes an on-line Quote Request Tool (QRT). All requests for quotes above the small purchase dollar threshold must be initiated and responded to through the QRT.

Braxton-Grant is only authorized to provide quotes on products and services that are on its contract. However, if the ordering agency wishes to add new products or services to the contract, they can be added rapidly through the Technical Refresh process.

If you would like SEWP to determine if your requirement is within scope of the SEWP VI contract, please send an overview and/or bill of materials (BOM) to help@sewp.nasa.gov and your inquiry will be quickly reviewed to provide required feedback. To review SEWP VI Terms & Conditions, complete ordering instructions, frequently asked questions (FAQs) or any other related information, please visit NASA SEWP home page at: https://sewp.nasa.gov/
